Rotterdam, Netherlands · +31 6 1934 1044 · majakanyar2@gmail.com · linkedin.com/in/majak2

Portfolio: majakanyar.github.io/majak-s-personal-portfolio

EXECUTIVE SUMMARY

Customer experience and operations leader with 8+ years across B2B sales, customer service and CX operations, from telesales and frontline service to Operations Business Unit Manager at Teleperformance. Led sales, service and quality performance for Fortune 500 clients including **Verizon, Comcast, Dish Network, Apple, Meta, Netflix and UPS** across EMEA and North America, with up to 160 FTE in one business unit and 1,500 to 2,200 agents supported by one training team. Most results came from finding what sat behind a failing KPI and changing how supervisors coached on it. Since 2025, consulting for BPO, fintech, retail and e-commerce operations.

SELECTED ACHIEVEMENTS

- **Sales:** Beat quarterly B2B sales targets by 10–15%, then lifted telecom sales conversion 5% QoQ as Business Unit Manager and 10% through rebuilt sales training.
- **Customer Outcomes:** Raised NPS 5–8 points on a US telecom program, lifted CSAT 9 points with one targeted fix and cut repeat contacts 9%.
- **Quality:** Took QA scores at a fintech customer service operation from 90% to 95% in six months.
- **Scale & Cost:** Onboarded 700 agents with attrition down 20%, and cut training costs 40–50% and ramp time from 6 to 3.5 weeks.

PROFESSIONAL EXPERIENCE

CX Operations & Training Performance Consultant

Jul 2025 – Present

Self-Employed | Rotterdam, Netherlands

Project-based | BPO, fintech, retail & e-commerce clients | EMEA & North America

- Took QA scores at a fintech customer service operation from 90% to 95% in six months by finding the recurring errors and refocusing Team Leader coaching on them.
- Built Power BI and Excel dashboards that let Team Leaders spot struggling agents early and reduce attrition risk in the first 90 days.
- Ran process audits, KPI frameworks and quality calibration for CX operations teams.
- Designed onboarding, upskilling and soft-skills programs for teams of 20–100+ agents and trained client trainers to run them.

Operations Business Unit Manager

Feb 2025 – Jul 2025

Teleperformance | Cairo, Egypt

8+ supervisors | 140–160 FTE | Sales, technical support & retail service | US media & telecommunications

- Grew sales conversion 5% QoQ and product adoption 13% by changing call flows, coaching and how frontline performance was managed, while NPS and customer sentiment rose 5–8 points.
- Tracked recurring customer issues through Medallia survey and Salesforce data and fixed them with the supervisor team.
- Led WBRs, MBRs and QBRs with client leadership, using operational and customer data to agree what to fix and following up on results.
- Led calibration and COPC-aligned quality processes and coached supervisors to run them in their own teams.

Operations Training Manager

Apr 2024 – Feb 2025

Teleperformance | Cairo, Egypt

5 supervisors | 47 trainers | 1,500–2,200 agents | Multilingual EMEA & North America operations

- Worked with Operations, Quality and Workforce to decide whether each performance gap needed coaching, training, a process change or reinforcement.
- Rebuilt sales training for a US telecom program around live call practice, objection handling and follow-up coaching on the floor. Conversion rose 10% and the client extended scope.
- Raised NPS 7 points, cut repeat contacts 9% and lowered the error rate 15%.

- Proposed the move from classroom to digital training, wrote the business case, got operations and client sign-off and built 70+ digital modules. Ramp time fell from 6 to 3.5 weeks and training costs by 40–50%.
- Onboarded 700 agents as the two largest US accounts scaled, with attrition down 20% and 94% nesting success.

Training Supervisor

Oct 2022 – Apr 2024

Teleperformance | Cairo, Egypt

Logistics, healthcare, telecommunications & technology programs

- Rebuilt frontline training around real calls taken from QA data, including empathy-focused conversation practice for a healthcare account. CSAT rose 7–10%, AHT fell 30 seconds and tool usage rose 25%.
- Designed a new-hire coaching model in which training and operations shared responsibility for results. The logistics client adopted it globally.
- Coached trainers and Team Leaders through calibration and train-the-trainer sessions, raising trainer performance scores 20%.

Corporate Trainer

Sep 2021 – Oct 2022

Teleperformance | Cairo, Egypt

- Trained new hires and tenured agents on product, customer service, systems and quality, improving new-hire performance 15–25% in the first 30 days through follow-up coaching.

Subject Matter Expert

Mar 2021 – Aug 2021

Teleperformance | Cairo, Egypt

Promoted from Customer Service Specialist (Nov 2020 – Mar 2021)

- Handled customer escalations, listened to new-hire calls and coached agents on product gaps and customer handling.

Telesales Specialist

Apr 2018 – Nov 2020

Outsourcing Skill | Cairo, Egypt

B2B medical diagnostics sales | 50+ corporate accounts

- Managed 50+ corporate accounts and leads, selling cancer diagnostic tests and exhibition services to multinational clients.
- Beat quarterly sales targets by 10–15%, coordinating with logistics and support teams on delivery and setup.
- Built client onboarding and support processes that cut post-sale follow-up issues by 20%.

EDUCATION

Executive MBA | Heliopolis University & AHK German Chamber

2026

Bachelor of Pharmaceutical Sciences | Cairo University

2025
